Policy Number: 75-16 Last Revised: 6/16/11

ADVANCED PLACEMENT

Advanced placement in courses may be obtained either through approved departmental examinations or by the Advanced Placement Examinations of the College Entrance Examination Board, (CEEB). Credit for advanced placement may not exceed 45.

Departmental Examinations

The entering student who chooses to be examined by a departmental examination asks that the examining department file a petition for exception to policy requesting either a requirement waiver or credit for one or more courses when the results have been determined. Departments which have used such examinations are the following:

English

according to Policy 76-4, Item D, a student who successfully completes the composition credit by examination may earn one to five credits of ENGL 110 as determined by the Director of Writing.

Foreign Language

with satisfactory results on the Seattle University faculty's modern language placement examination a language major is allowed to move into an advanced language course and will receive a waiver in the lower level courses. Credit for the waived courses must be made up, however, so that the 55 required credits are completed for the major. Substitute courses need not be in the language itself, but may be in related disciplines such as history, political science, literature and cultural studies.

Mathematics

- entering students who pass the department's calculus advanced placement examination for MATH 134 with a B or better and who then complete MATH 135 with a C or better will be allowed advanced placement credit for MATH 134 via a petition initiated by the mathematics department chairperson.
- Students who pass the MATH 134 and the MATH 135 departmental calculus examinations with a grade of B or better and who then complete MATH 136 with a C or better will be allowed advanced placement credit for MATH 134 and 135 via a petition initiated by the mathematics department chairperson.

Advanced Placement Examinations of the College Entrance Examination Board

Students seeking advanced placement by taking the AP examination through CEEB request that official examination results be sent to the Evaluation Unit, Office of the Registrar.

Students may obtain official records from:

AP Exam Transcript Service P.O. Box 6671

1.0. Box 0071

Princeton, NJ 08541-6671 Phone: (609)771-7300

For a fee, transcripts may be ordered by phone if the AP test was taken 1994 or later; for exams taken prior to 1994 orders are by mail only. More information is available at http://www.collegeboard.org/ap.

Granted for work completed in secondary school, the Seattle University credits awarded for AP examinations are not considered to be transfer credits and, therefore, the transfer credit waivers and Core transfer policy do not apply. However, AP credits do fall within the maximum chronological transfer credits restrictions.

AP examination results will be evaluated according to the policies outlined below. Once an evaluation is completed, the student's record is updated to reflect the credits accepted and may be viewed on SU Online via the Program Evaluation.

The following departments grant credit for AP exams. Examination results relating to other departments will be sent to the appropriate chairperson and action will be determined on an individual basis.

ART HISTORY	Score 3 or higher	5 credits for art elective, fulfilling Fine Arts core. Art majors should see department chair to determine course equivalency.
ART GENERAL	Score 3 or higher	5 credits granted for art elective, fulfilling Fine Arts core. Art major should see department chair to determine course equivalency.

ENVIRONMENTAL

SCIENCE Score 3 or higher 5 credits granted and satisfaction of the laboratory

science core requirement.

HISTORY

Score 3 No credit

U.S. Score 4/5 5 credits granted for HIST 231; fulfills A&S College

No credit

requirement for history beyond core.

European Score 4/5 5 credits granted for HIST 120

A/S students should then take HIST 231 rather than

HIST 121 to fulfill college requirement

WORLD HISTORY Score 3

Score 4/5 5 credits granted for HIST 121; satisfies A&S College

requirement for history beyond core.

HUMAN GEOGRAPHY Score 3 or higher 5 credits granted for a Sociology elective.

Does not satisfy core.

LANGUAGES

French Score 3 5 credits granted for French, German or Spanish 115.

German See department for placement to continue series.

Spanish

Score 4/5 10 credits granted for French, German or Spanish 115 and 125.

See department for placement to continue series and for

possible placement in more advanced courses.

Minimum major/minor credit requirements must be completed.

Modern Language Score 3 or higher 5 general elective credits.

Does not satisfy core Literature or upper division literature

requirement for modern language majors or minors.

MATHEMATICS

Calculus Score 3 5 credits granted for MATH 130 or 131

AB Exam Score 4 5 credits granted for MATH 134

Score 5 10 credits granted for MATH 134 and 135

Calculus Score 3 5 credits granted for MATH 134

BC Exam Score 4 10 credits granted for MATH 134 and 135

Score 5 10 credits granted for MATH 134 and 135

If requested, Mathematics department can test to determine if MATH 136 credit can also be allowed.

MUSIC THEORY Score 3 or higher 5 credits granted for MUSIC 100; fulfilling Fine Arts core.

PHYSICS

Score 3 No credit

B Exam Score 4 or higher 15 credits granted for PHYS 105, 106 and 107

Not applicable for BS in Biochemistry, BS in Chemistry, or BS in Computer Science/general option or math specialization,

or for engineering or physics majors.

C Exam Students may take either one or both parts of the "C" exam.

Physics and Engineering majors and those seeking a BS in Biochemistry, BS in Chemistry, or a BS in Computer

Science/general option or math specialization, should take the

C exam rather than B.

Part I Score 4 or higher 5 credits granted for PHYS 121

Part II Score 4 or higher 5 credits allowed for PHYS 122.

POLITICAL SCIENCE

Govt. & Politics

U.S. Score 3 or higher 5 credits granted for PLSC 200.

May fulfill the Social Science II core requirement or

apply to political science major.

Comparative Score 3 or higher 5 credits granted for PLSC 230.

Government May fulfill the Social Science II core requirement or

apply to political science major.

PSYCHOLOGY Score 3 or higher 5 credits granted for PSYC 120, fulfilling Social Science I

core requirement.

STATISTICS Score 3 or higher 5 credits granted for ECON 260, NURS 350 or MATH 141.

MATH 141 fulfills Core requirement. Does not fulfill statistics requirements for criminal justice, psychology, social work or

sociology major.
